

NEWS RELEASE

Addendum to Law Society November 30, 2012 News Release LAW SOCIETY UNDERLINES INDEPENDENT COMPLAINT PROCESS

**For Immediate Release
Tuesday January 8, 2013**

Calgary, AB - In the news release dated November 30, 2012, the Law Society referenced the composition of panel members that are appointed to participate in discipline hearings. The release stated that one member of the panel is a non-lawyer to ensure the public interest is well represented.

The news release should have stated that "The Law Society strives to ensure that one member of the panel is a non-lawyer so that the public interest is well represented."

While we strive for non-lawyer participation on every panel, in the interests of a timely resolution and scheduling, it is sometimes necessary to go forward with lawyer-only panels.
